AND

2. [REDACTED], a company duly incorporated and licensed under the laws of [REDACTED], with its registered office at [REDACTED] (the “**Crypto Custodian**”)

(each a “Party” and together the “Parties”)

RECITALS

(A) Finest acts as asset manager and initiator in respect of Compartment 920 within Opus – Chartered Issuances S.A. (the “Issuer”), which has been established for the purpose of issuing certificates linked to the Finest Next-Gen Defence Innovators Index as crypto securities under the German Electronic Securities Act (eWpG).

(B) In connection with the operation of Compartment 920, Finest requires the services of a specialised digital asset custodian for the secure storage, management, and transfer of digital assets forming part of the Compartment Assets.

(C) The Crypto Custodian specialises in secure digital asset custody and has the technical infrastructure, expertise, and regulatory authorisations necessary to provide the services required by Finest.

(D) The Parties wish to formalise the terms under which the Crypto Custodian shall provide digital asset custody and related services.

NOW, THEREFORE, the Parties agree as follows:

1. DEFINITIONS

1.1. Unless otherwise defined herein, capitalised terms shall have the meanings ascribed to them in the Compartment Agreement or as set out below:

“Digital Assets” means all crypto-assets, tokens, and digital securities held in custody by the Crypto Custodian on behalf of Finest and/or the Issuer in respect of Compartment 920, including but not limited to Cardano native tokens (ADA) and CIP-113 tokens.

“Custody Wallet(s)” means the digital wallet(s) established and maintained by the Crypto Custodian for the storage of Digital Assets.

“Private Key(s)” means the cryptographic key(s) required to authorise transactions from the Custody Wallets.

“Authorised Person” means any individual or entity duly authorised by Finest to issue instructions to the Crypto Custodian in relation to the Digital Assets.

2. APPOINTMENT AND SCOPE OF SERVICES

2.1. Finest hereby appoints the Crypto Custodian, and the Crypto Custodian hereby accepts such appointment, to provide the following services under the German Electronic Securities Act (Gesetz über elektronische Wertpapiere):

- Secure storage of Digital Assets in Custody Wallets, employing institutional-grade security measures against theft, hacking, and unauthorised access, including but not limited to multi-signature authentication, hardware security modules, cold storage, and geographically distributed key management;
- Managed access and transfer processes ensuring that only Authorised Persons can initiate, approve, and execute transactions involving the Digital Assets, subject to multi-level authorisation protocols;
- Asset reconciliation and reporting, providing regular statements and audit reports on the Digital Assets held in custody;
- Disaster recovery and business continuity, maintaining robust backup and recovery procedures for Private Keys and related data;
- Regulatory compliance, cooperating with Finest and the Issuer to ensure compliance with all applicable AML/KYC, sanctions, and other regulatory requirements.

2.2. The Crypto Custodian shall perform the services in accordance with applicable laws, regulations, industry best practices, and the highest standards of information security, including ISO 27001 or equivalent certifications.

3. SECURITY AND OPERATIONAL STANDARDS

3.1. The Crypto Custodian shall implement and maintain security measures that meet or exceed the following requirements:

- Private Keys shall be stored in cold storage environments that are not connected to the internet, except during authorised transaction execution;
- Multi-signature protocols requiring the approval of multiple Authorised Persons for any transfer of Digital Assets above a threshold to be agreed;

- Hardware security modules (HSM) compliant with applicable industry certifications;
- Real-time monitoring and alert systems for any unauthorised access attempts;
- Regular independent security audits, the results of which shall be shared with Finest.

3.2. The Crypto Custodian shall notify Finest immediately of any actual or suspected security breach, unauthorised access, or other incident affecting the Digital Assets.

4. INSTRUCTIONS AND AUTHORISATION

4.1. The Crypto Custodian shall act only upon instructions received from Authorised Persons in the agreed format and through agreed channels.

4.2. The list of Authorised Persons shall be communicated in writing by Finest upon execution of this Agreement and may be updated from time to time.

4.3. The Crypto Custodian shall verify the identity and authorisation of any person issuing instructions before executing any transaction.

5. SEGREGATION OF DIGITAL ASSETS

5.1. The Crypto Custodian shall hold the Digital Assets in Custody Wallets that are clearly segregated from the Crypto Custodian's own assets and from the assets held for other clients.

5.2. The Crypto Custodian acknowledges that the Digital Assets form part of the Compartment Assets of Compartment 920 and are subject to the segregation and limited recourse provisions of the Luxembourg Securitisation Law.

6. FEES AND EXPENSES

6.1. Finest shall pay the Crypto Custodian fees for the services provided under this Agreement as set out in Schedule 1 (Fee Schedule).

[REDACTED]

6.2. All fees and expenses of the Crypto Custodian shall be charged to the Compartment.

7. LIABILITY AND INDEMNITY

7.1. The Crypto Custodian shall be liable for any loss of Digital Assets resulting from its negligence, wilful misconduct, fraud, or failure to maintain the security standards set out in this Agreement.

7.2. The Crypto Custodian shall maintain adequate insurance coverage against the loss, theft, or destruction of Digital Assets in its custody.

[REDACTED]

7.3. Finest shall indemnify and hold harmless the Crypto Custodian from losses arising out of the Crypto Custodian's proper performance of its duties, provided the Crypto Custodian has not acted with negligence, wilful misconduct, or fraud.

8. REPRESENTATIONS AND WARRANTIES

8.1. The Crypto Custodian represents and warrants that:

- it holds all necessary licences and authorisations to provide digital asset custody services in its jurisdiction;
- it has the technical infrastructure, expertise, and operational capacity to perform the services;
- it maintains information security standards consistent with ISO 27001 or equivalent;
- it shall comply with all applicable AML/KYC and sanctions requirements.

8.2. Finest represents and warrants that:

- it is duly incorporated and has the corporate power and authority to enter into this Agreement;
- the execution and performance of this Agreement have been duly authorised.

9. CONFIDENTIALITY

9.1. Each Party shall keep confidential all information received from the other Party in connection with this Agreement and shall not disclose such information without prior written consent, except as required by law or regulation.

9.2. This obligation survives termination for two (2) years.

10. TERM AND TERMINATION

10.1. This Agreement shall commence on the date of execution and continue until terminated.

10.2. Either Party may terminate with ninety (90) days' written notice.

10.3. Upon termination, the Crypto Custodian shall cooperate to transfer the Digital Assets to a successor custodian designated by Finest.

11. GOVERNING LAW AND JURISDICTION

11.1. This Agreement shall be governed by the laws of Germany.

11.2. Any dispute shall be resolved by the courts of Duesseldorf, Germany.
